

TEACHER SALARY HIKE IS ASSURED

BASE PAY IS \$2007
GRADUATING UPWARD

Pay for Cameron school teachers under the liberal appropriation laws benefits for which the local board here has voted to apply, will be very satisfactory, it would appear from a schedule which The Herald has finally obtained.

The local school board must make formal application for these benefits and this must be done before the start of the school term next September.

Under the per capita apportionment law next year a total of \$55 will be available for each scholastic. In addition, under the new law, if Cameron participates, a total of 50c of the local tax must be applied to the salary of teachers. Any school that becomes a state aid school will share in the apportionment fund which is to aid those schools with insufficient local revenue.

The apportionment fund supplies whatever deficit may occur. If the local board completes its plans for state aid participation all teachers will receive the minimum as prescribed by law and if a school becomes state aid participant salaries must be paid as prescribed.

Teachers with college degrees or with credits for attending college beginning with the first year on through degrees, get credit in their pay. The lowest salary under the new law must be \$2007 per year for teachers with a degree. This scale graduates upward as high as \$2655 per year. This salary is paid to a teacher with a BA or a BS degree with 12 years of teaching experience. Quite a number of the local faculty members will receive this pay, quite an increase over their present salaries.

With a MA degree a teacher with 12 years experience will receive \$2880 as a minimum.

To understand better the upward graduation of the scale of pay this will be helpful. A teacher with a BS or BA degree with 6 years experience at teaching will get \$2331 and with a MA degree \$2356. The increase can be visualized if one keeps in mind that the minimum is \$2007 for teachers with degrees.

Another schedule applies for teachers without degrees but with teaching experience. The lowest pay for this type teacher is \$1557 whereas after the third year they draw \$1782.

No increases are available for teachers with above 12 years experience except those with Ph.D. degrees.

Corresponding increases are available to superintendents of schools.

The superintendent may receive not to exceed \$960 per year increase in salary when a board elects to go on state aid. Other faculty members like athletic directors, band directors and principals are paid on an expanding scale determined by the local board but must receive the basic wage specified in the law.

CITIZENS SHOWING WAY TO BETTER STREETS

Citizens here are showing the way to better streets without voting bonds. They are paying for the streets themselves and it is costing around \$1.35 a front foot according to Hayden Lawrence who points out that some 10 blocks are now under construction in the plant area.

Curbs and gutters are laid and the city is obliging by filling in with gravel. The property owners are paying for the cement work and the paving.

The paving may not be as durable as one could desire but will be similar to topped highways and will aid drainage and improve looks of the streets 100 per cent.

COUNTY WIDE HEALTH PROGRAM IS ANNOUNCED

D. S. Wimberly, sanitary engineer with the Milam County Health Unit, makes the most important announcement of the day—the beginning of a new campaign for rodent control and extermination.

Mr. Wimberly says that the programs are being sponsored in Cameron, Rockdale and Thorndale by the respective cities and the Commissioner Court is sponsoring the campaign in the towns not incorporated and in the rural districts.

The campaign is being sponsored by the Health Unit, State Health Department and the United States Public Health Service. The mobile unit will be in charge of J. P. Hardy and Grady Edwards from the State Health Department in Waco.

VOTERS HERE REJECT PROPOSED NEW ISSUE

The proposed \$137,000 municipal bond issue was rejected by the voters Tuesday, both proposals being turned down by small majorities in an election that saw only 503 ballots cast.

On the proposal to re-pave 30 blocks in the business district the vote was 226 for and 249 against and on the proposal to repair the old academy building the vote was 231 for and 237 against.

The city council submitted two propositions, one for \$112,000 to re-pave the up town business district and the other to spend \$25,000 to repair the old academy building to be used as a city hall.

Proponents of the bonds staged a campaign and worked throughout the day. The vote was light. A careful analysis of the election results indicate that opposition to the bond issue could have defeated the proposals by a much wider margin if a full vote had been realized at the polls.

The people, apparently, were unwilling to vote the debt when only questionable improvements were intended. The turn out was disappointing. Lacking the political element, the result was considerable apathy on the part of the tax payers.

Mayor McCullin's administration has suffered two defeats, the first a proposed half million bond issue to install a competing system of light and power and now the proposal to spend \$137,000 for repairs.

The Council has not yet seen fit to submit the Planning Board report to a vote. It appeared there would be little likelihood that this would be done since it would interfere with the administrative set up in which some \$1.10 of the present tax is being utilized for running expenses of the government. The Planning Board report called for a 35c tax to be levied out of the present rate with no increase in taxes.

S. T. NICHOLS DIED IN CLARENDON TODAY

S. T. Nichols, 63, widely known citizen in West Texas and a resident of Clarendon, died shortly after midnight Tuesday from a heart attack at his home in that city.

News of the death of Mr. Nichols was received here early Tuesday morning.

Dr. and Mrs. Newton were preparing to leave Cameron for the Nichols home in Clarendon where funeral services were to be held Wednesday. Dr. Newton was engaged in surgery during the forenoon and Mrs. Newton, as supervisor of the hospital, was assisting.

Mr. Nichols had been a resident of Donley county for many years, was a large land owner and property owner in Clarendon.

Rev. Ellis Moseley of Texas University will fill the pulpit, at the First Presbyterian Church, at Maysfield during the summer. Rev. Moseley is replacing Rev. H. M. Bailey, pastor who has resigned and will go to Eureka, Texas.

PRICE IS UP TO 8 CENTS ON NUMBER 1 TOMATOES

Three car loads of tomatoes were shipped over the Santa Fe by the Foster Produce Company Tuesday.

Prices are up. Mr. Foster said early Wednesday that he is paying 8c pound for No. 1 green and 4c pound for No. 2 green. Pinks are selling for 10c pound or \$5 bushel but since the green tomato market is good few pinks are coming in.

The shipments were processed at the waves of the Foster Produce Company and transported to cars on the siding at the Santa Fe.

There are 24 thousand pounds of tomatoes in a car and the No. 1 tomatoes are netting \$1,920.00 a car. The No. 2 greens are selling for 4c pound and are bringing \$960.00 a car.

The three car shipment here Tuesday brought the producers \$4,800.00.

Mr. Foster said that the movement is not sufficiently large to open the packing sheds at the Santa Fe but he will do so when the movement reaches the desired volume.

TRAINING WOULD BEGIN IN U. S. ON NOVEMBER 1

The Congress was faced with an alternative to national defense Sunday when President Truman's military commission recommended universal military training.

If the congress enacts legislation to compel military training, the recommended date to begin is November 1.

The army, says the commission is weak and disorganized, a peace time organization in the best American tradition. Whether congress will repeat its previous performance and wait until war comes and build an army and navy, remains to be seen.

Twice within 26 years the United States started from scratch and built up a winning military combination. That was the most expensive way and therefore the American way. It proved the recuperative powers of the American industrial system—and brought greater profits.

The question, in the opinion of the commission just reporting is whether we can survive in an Atomic war. Thus the recommendation is to build a military force around atomic injury, keep the bomb secret and continue to manufacture them for defense.

SOIL CONSERVATION PROGRAM ENDED HERE

CUT IN FUNDS TO STOP IMPORTANT FARM WORK

All conservation practices were ordered stopped Tuesday by the Department of Agriculture of the Federal Government according to broadcast.

Stoppage of important farm work was said due to the cut in appropriations in Washington.

The Republicans in congress are making a 32 per cent reduction in the Department of Agriculture funds and these and other so called economies were said to be responsible for the curtailment of advanced and necessary farm practices.

As predicted government spending was being reduced to the minimum. Within the foreseeable future farming will be placed upon its own resources while business continues to enjoy subsidies. That is a republican religion.

New Supporter For Reward Fund; Little Miss Dianne DuBois

The reward fund to apprehend and prosecute persons guilty of poisoning pets in Cameron, has a new supporter. She is Little Miss Dianne DuBois, daughter of Mr. and Mrs. Jack DuBois.

Little Miss Dianne came with her father Monday to The Herald to post her share of the reward money. It was 25c but perhaps more appreciated than any that has been pledged to stop the poisoning of pets.

Dainne is heart broken. Someone has just poisoned three of her pet kittens. Needless to say The Herald has accepted this reward pledge and has assured Dianne we will do everything possible to bring those contemptible people to justice.

Commissioner Clarence Raney of Buckholts and Byron Neal of Rockdale were Cameron visitors Tuesday.

\$90,499 LOANS MADE TO MILAM FARMERS
Roy M. Wright, FHA Supervisor for Milam county, has prepared a statement showing that \$90,499.00 in loans have been made to farmers in Milam county, a substantial portion of which is for the purchase of land, authorized by the Congress. Mr. Wright says:
The 1945 census shows that half the farmers of this country received gross incomes under \$1500 in 1944. Within this group are many who simply cannot get loans from private sources. If we do not help them, no one will. Our lending operations are absolutely non-competitive and they are kept that way by a local county committee composed of farmers. No one in the Government can make an FHA loan unless the local county committee finds the applicant eligible and certifies that he cannot get the loan elsewhere.
Since September 1, 1946 the Milam County Office has made the following loans:
89 farm operating loans
for total of \$33,339.00
6 loans to purchase farms
for total of \$57,160.00
(this includes land and necessary improvements)
Total \$90,499.00
Operating loans are made at 5 per cent interest.
Loans to purchase farms at 3 1/2 per cent interest.
Of the 89 operating loans 26 were made to War Veterans.
Of the 6 loans to purchase farms 2 were made to War Veterans.
All loans are supervised to the extent that the loan is made after a farm and home plan has been worked out by the farm family, the county FHA Supervisor and Home Management Supervisor, and on-the-farm assistance is offered on the basis of need.

GOVERNOR GETS BILL RESTRICTING UNIONS
AUSTIN, May 28 — A bill outlawing secondary or sympathy strikes, picketing and boycotts today went to the governor's office for final action.
Both house and senate adopted a conference report which moved the ninth and last restrictive labor bill of this session's calendar to the governor for his signature or veto.
It was a reversal for the house, which had previously refused a conference committee report on the bill by Sen. Ben Ramsey of San Augustine which omitted a house amendment excepting railroad workers. The omission was again made in today's report. House adoption was by a 92-to-39 vote. A voice vote gave approval in the senate.
Only one major labor proposal still remains to be acted upon—the conciliation measure by Rep. George Nokes of Corsicana. It has been submitted as an emergency matter by the governor.

From where I sit ... by Joe Marsh

How to Go to Sleep

We were sitting around Bill Webster's parlor Friday evening and the talk turned to the best way of overcoming sleeplessness...like breathing real slow and deep, imagining that you weigh a ton, or simply throwing away the pillow.

The consensus favored counting sheep. But right away was the question: what kind of sheep? There were some votes for countin' Merinos, Shropshires, Oxfords and Dorsets. Ed Mapes said he had best luck counting crossbreeds.

Finally, Bert Childers spoke up with his formula: A light snack and a mellow glass of beer at bedtime. Sort of puts you in the mood for quiet thoughts and peace of mind. Lets you relax ... and "ho hum," off to pleasant dreams!

From where I sit, there's nothing like a temperate glass of beer to smooth away the creases of the day, relax a body, and pave the way for a good night's sleep. Try it, and see if I'm not right.

VIOLA SMITH THOMAS MARRIED TO EARL RAYMOND FORD, Jr., HERE IN GORGEOUS HOME CEREMONY

Miss Viola Smith Thomas, beautiful, talented and socially prominent, daughter of Mr. and Mrs. Rush Acreman Thomas, of Cameron, and Mr. Earl Raymond Ford, Jr., son of Mr. and Mrs. Earl R. Ford, Sr., of Kilgore, were married at 8:00 p. m. Sunday, June 1, 1947 at the home of the bride in the Cameron Country Club grounds.

The ceremony, unique in its appointments for nuptial splendor, was elaborately performed in the brilliantly lighted garden.

The Thomas residence, a rich brown brick mansion overlooking a lake, and gracing a beautiful landscape, was superbly etched by twilight shadows as the hour for the wedding approached.

Rev. A. E. Rider, pastor of First Methodist Church in Cameron, read the impressive rites on a tiered altar, decorated with evergreen branches, clusters of hurricane lamps and a gorgeous sunburst arrangement of white gladioli.

In the center-back of the altar was a circular composition of white spring flowers.

The bride, given in marriage by her father, wore a wedding gown of white nylon tulle over taffeta fashioned by an off the shoulder neckline, encircled with a single fold of imported Chantilly lace dotted with tiny pearls. From the closely fitted bodice the bouffant nylon skirt fell into an uneven hemline in front and extended to a sweeping train in the

back. Her waistlength veil of Chantilly fell from a tulle flare which was draped over her pompadour. She wore long white kid gloves and carried a bouquet of stephanotis, lilies-of-the-valley, gardenias and white orchids interspersed with tulle. For something old, her veil, which is an heirloom, something new, bride's dress, something borrowed, her matron of honor's pearls and for something blue, she wore a blue ribbon in her shoe.

Mrs. Keith Morrow of Alpine, matron of honor, cousin of the bride and the bridesmaids, Misses Margaret Keys of Corpus Christi, Eleanor Powell of San Antonio, Mary Batts of San Angelo, Nancy Meredith of Dallas, and Mesdames Niley J. Smith, Jr., and W. L. McIntosh of Cameron, were all gowned in white dotted swiss garden dresses. They carried colonial bouquets of red gladioli and wore similar blossoms in their hair.

John Q. Adams of Dallas was best man, and the ushers were Hilliard Thomas brother of the bride, of Cameron, Keith Morrow of Alpine, Robert Richey and David Smith of Austin, D. W. Collins of Marathon, and Phil Carrington of San Antonio. Lucy Cheeves of Cameron, and Jan Adams of Dallas were flower girls.

Miss Cynthia Lancaster of College Station and Miss Ernestine Gowen of Shreveport, La., harpists, gave a 30 minute program before the wedding, and played softly during the ceremony. Miss Cornelia Frazier of Big Spring sang "The Lord's Prayer" and "Depuis Le Jour" by Charpentier from the opera, "Louise", and "Zueignung" by Richard Strauss.

In the receiving line were: Mr. and Mrs. Rush A. Thomas, Mr. and Mrs. Earl Ford, Sr., the bride and groom, Mrs. Keith Morrow, Mrs. Niley Smith, Mrs. W. L. McIntosh, Miss Eleanor Powell, Miss Nancy Meredith, and Miss Mary Batts.

The wedding reception was held in the garden where the table was covered with a maderia cloth with garlands of flowers around the edge. The five tiered wedding cake graced the table and was decorated with white icing orchids and silver candy seed, and topped with a large white icing orchid duplicating in appearance the bride's wedding bouquet. Members of the house party served champagne and fruit punch from large silver punch bowls.

Miss Aetna Smith, aunt of the bride presided at the registration book.

In the houseparty were: Misses Marguerite McKnight, San Angelo, Shirley Lupton, Ft. Worth, Clara Ende, Greenville, Clara Thomas and Aetna Smith of Cameron; Mesdames Albert Triggs, Oxsheer Smith, H. F. Smith, Fritz Fahrendorf, E. L. Taylor, B. F. Robinson, and Dana Monroe of Cameron; Goodhue Smith, Waco, Vernon McIntire, Alpine, Cecil Sanders, Lynch Reynolds of Kilgore, and Mrs. George A. Thomas of Cameron, grandmother of the bride.

Out-of-town guests (other than wedding attendants and reception personnel) were: Mr. and Mrs. Goodhue Smith, Waco, Mrs. J. Lee Davis, Waco, Judge and Mrs. Ben Powell, Austin, Mr. and Mrs. Ben Powell, Jr., Austin, Mrs. Archie Spurgin, Dallas, Mr. and Mrs. John S. Burns, Austin, Mr. and Mrs. Giles Avriett, Sr., Austin, Giles Avriett, Jr., Austin, Don Marie Avriett, Austin, Mr. and Mrs. Tom Law, Bryan, Thomas Lee Law, Bryan, Miss Lorene Law, Bryan, Miss Mary Ann Myers, Richmond, Mrs. John Adams, Dallas, Mrs. Ettie Adams, Dallas, Miss Margaret Wilburn, Austin, Mr. and Mrs. Harris Brush, Austin, and Miss Betty and Margie Brush of Austin.

The bride whose families have been prominent in the history of Texas and its development since the days of the Republic, is a graduate of Stephens College in Columbia, Mo., and of the University of Texas where she was a member of the Kappa Kappa Gamma Sorority. She is the grand daughter of Mrs. George A. Thomas of Cameron and the late Mr. and Mrs. Hilliard F. Smith of Cameron.

The groom was graduated from Kilgore Junior College and the University of Texas where he is now a student in Architecture.

For traveling Mrs. Ford chose a Navy blue suit which she wore with white accessories. After a wedding trip to New York City they will be at home in Austin.

WAR NURSE

SHE was born in War's grim garden,
A rose of the battlefield,
Baptized under hell and fire
While the world around her reeled.

She stayed at the front against orders
And when CI gripes began
One Joe cried "If she can take it,
I am sure we soldiers can!"

Mercy's angel in a helmet,
She knew many a prison hell;
She lived and died like a soldier...
To the wounded she was "Swell!"

With the war she's been forgotten
Like the strains of "Over There,"
But each soldier boy remembers
Some brave War Nurse in his prayer.

TEACHERS WILL GET FULL SALARIES HERE

Teachers in the public schools of Cameron will get the full salary benefits under present laws, it was disclosed by Dr. C. G. Swift, president of the school board, speaking to the Rotary Club on Wednesday.

Dr. Swift said that when the board voted to ask for state aid it was a complete solution of the teacher pay problem. In the past, he said the local budget had been made up and what was left went for teacher pay. Now the full minimum scale can be paid.

As soon as the salary schedule is available for publication the increases will be shown. Pay graduates upward according to experience and college degrees.

Once a school goes on state aid the salaries specified have to be paid. Fifty cents of the local tax money must be applied. When local funds and apportionment for scholastics are insufficient the state equalization fund is tapped for the difference.

Minimum pay specified in the law must be paid to colored and white teachers alike.

Texas Horse Racing To All Time High In Track Winnings

NEW YORK, May 30 — Assault, the clubfoot comet from Texas, is not only still the champ—he's better.

The comet committed his usual assault and battery at Belmont park today in a style even fancier than that to which he was accustomed his victims to waltz home in the ancient suburban handicap by two lengths with practically no more effort than it takes you to tie your shoelaces.

Toting a 130-pound milk-wagon load, he came from seven lengths back to overhaul the speed boys who tried to "steal" the race, and at the wire he was two lengths in front, as a crowd of 59,475 customers, who backed him down to \$4.20-for-\$2, roared him in.

Eddie Arcaro, could just as well have left his whip hanging in the jockey's room, for all he needed it. The wearing Natchez was closest to Bold Venture's Lanky Son at the wire, with the South American rhumba kid, Talon, coming on for third place, five lengths farther back, and racing's biggest bargain baby, Sty-mie, a none-too-impressive fourth, beaten 8 1-2 lengths by the chocolate champ.

Stymie could have overhauled Whirlaway as the top money-man in turf history if he'd won this 61st running of the suburban mile and a quarter. Instead, Assault picked up the \$40,100, and became the third horse ever to win more than half-a-million dollars.

The \$40,100 gave him a total of \$538,570 for his three seasons of racing since he came off Robert J. Kleberg, Jr.'s vast King ranch, a youngster with a deformed foot, the result of having stepped on a heavy fire down on the farm. Actually, you could call his total earnings \$543,070 if you want to count the \$4,500 nominators' awards he picked up in the Preakness and Belmont last year on his way to his triple-crown coronation.

Today's gaudy galloping left him just \$3,865 short of Sty-mie's \$542,435 total and needing only \$22,591 to zip past Whirlaway's \$561,161.

Mr. and Mrs. Ed Gunn attended the Baccalaureate services at Rockdale Sunday night.

S-Sgt. Jack Revis, wife and son from Randolph field visited Mr. and Mrs. J. L. Slaughter recently. They have returned to Amarillo accompanied by Mrs. Rice, who will spend a short visit with them.

FORMER LOCAL NEGRO IS EXECUTED THURSDAY

HUNTSVILLE, May 29 — Oscar Allen, 45-year-old negro, was electrocuted early Thursday in the state penitentiary for the holdup killing of Joe Enna, Dallas liquor store operator, last October.

Asked by Warden A. C. Turner if he had anything to say, Allen replied, "No, but I would like to pray."

Allen's brother, Charlie, was convicted in the same crime and also sentenced to death. His execution date has not been set.

Allen was born and reared in Milam county, having lived in Cameron for a long time. Early in his life he became involved in crime, his first major offense being the robbery of the Chas. Nolte Store in Ben Arnold. He was arrested by the late sheriff L. L. Blaylock, tried and sentenced to prison.

With his brother, Charlie Allen, he engaged in a series of robberies and murders of liquor store owners in Dallas and vicinity during the latter part of 1946.

Mrs. Maude Mullinix has moved to Baton Rouge, Louisiana with her daughter, Mrs. Charles Patten. Mrs. Mullinix has lived in Cameron for a number of years, she lived with her mother, Mrs. T. D. Garrett, and has been employed at the Lunsford Shoe Shop with her sister, Mrs. Dan Lunsford. Friends and relatives are sorry to hear of her departure.

The picture will be on display in the show window of The Herald for a few days. The canvas was brought to Cameron Monday by Walter Wallace, brother of the painter.

PROPOSING AN AMENDMENT to SENATE JOINT RESOLUTION No. 4

Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Section 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"SECTION 17. In lieu of the state ad valorem tax or property of Seven (7c) Cents on the One Hundred (\$100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on

property of Two (2c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"ALSO, THERE IS HEREBY levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred (\$100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

Capt. John R. Hughes Noted Texas Ranger Found Shot In Austin

Capt. John R. Hughes, noted old time Texas Ranger, was found shot to death in the garage of his home in Austin Tuesday night.

A verdict of suicide was rendered. Captain Hughes was 92 years old.

In the saga of the Rangers in Texas, old captain was a standout. His story is one of the most dramatic and colorful in the annals of the famous organization.

Captain Hughes moved to Texas in the early seventies and started a horse ranch in the San Saba country. Horse thieves gave him trouble and being unable to administer justice he went to Austin to appeal to the governor and was made a Ranger. From that time on he became the nemesis of the horse thief and killed not a few and brought many more to the gallows the law way.

As Summer Breaks Going To Be Very Hot Away for Long Sweep

The heat derby is on and that old veteran of the track, Summer, was away to a flying start.

If you think it is hot in Cameron just look what happened to Presidio, Texas. It was 106 degrees there two days in a row but that is on the border where it is usually dry.

Here in Central Texas the humidity is very high and therefore a 92 degree temperature makes things unpleasant.

Looking into the horoscope and with the aid of the weather man, it can be said that it is going to be very hot for the next few days at least.

Sgt. and Mrs. James Chandler of Fort Sam Houston, San Antonio visited his grand parents, Mr. and Mrs. T. K. Chandler this week.

It's Time To Go...

MOMENTUM is extra propulsion but it soon plays out. That's what we had a lot of during war days and maybe we got into the habit of thinking business would keep on being good.

Well, business is good and we can keep it that way, but not on Momentum. Too many things have happened. In the first place the Economic Honeymoon is over and the Bride and Groom are back home among the pots and pans and there is the matter of lawns to mow and of course working to earn something to live on.

All of which means that we are back "where we used to be" plus that 8 ball complex with the Consumer scared by high prices.

So, its time to go. To start asking for business, to advertise, to quote prices, to build a local retail market here in Cameron, second to none.

Talking ourselves into a depression is suicide. Its time to go to work, time to advertise. Business goes where it is invited.
